

Alexandra Martynova-Van Kley

PROFESSIONAL PREPARATION

B.S. Biology, Biochemistry, & Pedagogy of Chemistry & Biology	1984
<i>Bashkir State University Ufa, Russia</i>	
Ph.D. in Plant Physiology	1990
<i>Institute of Experimental Botany, Belorussian Academy of Science Minsk, Belorussia</i>	
Received tenure	2008
<i>Stephen F. Austin State University Nacogdoches, TX</i>	

PROFESSIONAL EXPERIENCE

2013-present	Professor, Department of Biology Stephen F. Austin State University, Nacogdoches, TX
2011-2013	Associate Professor, Department of Biology <i>Stephen F. Austin State University, Nacogdoches, TX</i>
2008-2011	Associate Professor, Division of Biotechnology <i>Stephen F. Austin State University, Nacogdoches, TX</i>
May 2004	Visiting Professor, Biochemistry Department, <i>Bashkir State University Ufa, Russia</i>
2002-2008	Assistant Professor, Division of Biotechnology <i>Stephen F. Austin State University, Nacogdoches, TX</i>
Spring 2002	Adjunct Professor, Department of Biology <i>Stephen F. Austin State University, Nacogdoches, TX</i>
2001-2002	Research Assistant, Division of Biotechnology <i>Stephen F. Austin State University, Nacogdoches, TX</i>
2000-2001	Graduate Assistant, Biotechnology & Biology Departments <i>Stephen F. Austin State University, Nacogdoches, TX</i>
August-November 1995	Visiting Scientist, Biological Laboratories <i>Harvard University, Cambridge, MA</i>
July-August 1992	Exchange Scientist, Department of Botany & Plant Physiology, <i>University of Agricultural Sciences, Gödöllő, Hungary</i>
1990-1996	Research Scientist, Institute of Biology <i>Russian Academy of Science, Ufa, Russia</i>
1986-1990	Junior Research Scientist, Institute of Biology <i>Russian Academy of Science, Ufa, Russia</i>
1984-1986	Research Assistant, Institute of Biology <i>Russian Academy of Science, Ufa, Russia</i>

FUNDED RESEARCH (GRANTS & PRIVATE SOURCES)

- Office of Research and Sponsored Programs (ORSP), SFA, Mini grants. **\$15,218**, 2004-2018.
- Ed and Gwen Cole Private Donations, approximately **\$30,000**, 2004-2014. Research student development. A. Van Kley biotech lab.
- Faculty Development Leave-PROPOSAL-Granted SFA, January 2014 - May 2014

- \$3,000, Sponsored Research “Hydrolytic enzymes inhibitors and necrotic reactions in potato leaves reduces reproductive success of Colorado potato beetle” Bashkir State University, Ufa, Russia March 4, 2013 - June 16, 2013
- Sponsored Research Agreement, Decker Operating Company L.L.C., **\$200,600**, 2007-2009. Integration of dilute acid pretreatment and enzymatic hydrolysis of lignocellulosic feedstock using hyperthermophilic cellulases.
- National Science Foundation (NSF), Division of Biological Infrastructure (DBI), **\$151,565**, 2005. Acquisition of TYPHOON TRIO PLUS Imager Workstation.
- Research Development Funds (RDF), SFA, **\$116,000**, 2006-2007. *Eimeria* quantification and identification assays - as a complete vaccination/drug monitoring tool.
- RDF, SFA, **\$65,000**, 2005-2006. *Eimeria* Detection and Identification - Early Diagnosis.
- Decker Operating Company L.L.C., **\$53,000**, 2006-2007. Protein engineering of Endoglucanase from *Pyrococcus horikoshii* for biofuel production.
- Faculty Research Program (FRP), SFA, **\$19,225**, 2007-2008. Relating Arbuscular Mycorrhizal and Soil Microbial Diversity Patterns to East Texas Ecosystem Types.
- FRP, SFA, **\$21,550**, 2004-2005. Molecular Diversity of Arbuscular Mycorrhizal Fungi Colonizing Native Species in Contrasting Eastern Texas Habitats.

CONTRACTS

- USDA, ARS, SPARC, Non-monetary cooperative agreement, May 2007 – March 2009, *Eimeria* detection and identification with DGGE - Early diagnosis.
- Contract between SFASU and Bashkir State University, Russia. 2004-present. Contract for academic and cultural cooperation with Bashkir State University Russia with the possibility of graduate students exchange and PhD Program for Biotechnology, Biochemistry, and Plant Physiology for SFASU biotechnology post-graduate students.

AWARD

- **Best paper award** 2018 “Catalytic Activities of *Pyrococcus horikoshii* Mutant Endoglucanase”, 6th Annual International conference: Chemistry, Chemical engineering & Chemical process, March 12-13, 2018, Singapore.

NOMINATIONS

- Nominated for the Faculty Achievement Award for Research, 2007.
- Invited poster presentations twice at the prestigious International Gordon Research Conference “Biology of Host-Parasite Interactions”, 2006, 2012

SEQUENCES PUBLISHED

- **4000** nucleotide sequences were deposited to the “projects section” of National Center for Biotechnology Information GENE BANK database from the *Lubomirskia baicalensis* microbiome studies. 2018.
- **245** nucleotide sequences were deposited from *Glomus*, *Corbicula* and *Diplocardia* spp. into National Center for Biotechnology Information GenBank database. 2003 - 2007.

GRADUATE THESIS DIRECTED (completed)

- Colin Rorex. 2018. Changes in the microbial community of *Lubomirskia baicalensis* affected by Red Sponge Disease.
- Ray Montez. 2016. The interactions between Chinese Tallow (*Tradica sebifera*) leaf litter and microbial community structure.
- Diane Lewis. 2015. Skin Microbiota and *Batrachochytrium dendrobatidis* of *Pseudacris crucifer* In East Texas Forest and Urban Habitat.
- Armen Nalian. 2011. The influence of environmental factors on the qualitative and quantitative composition of the microbiota in soils of different types of terrain. Ph. D. (Влияние экологических факторов на качественный и количественный состав микробиоты в почвах различных типов ландшафта.)
